GOSSET

CHAMPAGNE

ABOUT THE WINERY

Champagne Gosset produces dynamic, textured cuvées that reflect their sourcing, primarily Grand and Premier Cru vineyards. By following a winemaking philosophy that minimizes inputs beyond what the grapes provide (e.g. no malolactic fermentation), the winery continues a family legacy of excellence that started in 1584, making it the oldest wine house in Champagne.

KEY FACTS

- Oldest wine house in Champagne
- Family owned since 1584
- No malolactic fermentation or barrel aging to preserve the natural fruit character
- Extended lees aging to add texture and complexity
- Dosage maintains the balance between freshness, fruitiness and vinosity
