

DOMAINE DU  
**ROC DES BOUTIRES**

---

## 2017 POUILLY-FUISSÉ 'AUX BOUTIÈRES'

---

**History** | In the village of Pouilly, in the middle of the Pouilly-Fuissé AOC lies Domaine du Roc des Boutires. The winery's name draws on both terroir and tradition: its proximity with the Roche de Solutré, an emblem of the appellation and a testament to the extraordinary geologic richness of this vineyard; as well as the domaine's settlement in the very heart of one of the best terroirs of the appellation —“Aux Boutières.” In the ancient French vocabulary, a “boutière” was a secondary road that mule skinnners used for the transportation of oils and wines in remote parts of the country. The vineyard of Domaine du Roc des Boutires is only 5 kilometers (3.12 miles) west of the ancient Roman track of Via Agrippa, on a very small road which now leads to the village of Solutré, the hills of the Mâconnais and the plains of the Charolais.

**Vintage Report** | 2017 is a good vintage. The wines are powerful, rich and balanced.

**Vineyard** | Exclusively coming from the terroir ‘Aux Boutières’, 0.66 hectares (1.6 acre) deep, with clay, non calcareous, derived from residual clays “with chaille.” The ‘vieilles vignes’ of Chardonnay, located at the southern end of Burgundy, are planted between 250 and 500 meters in altitude, higher than the others AOC from Bourgogne. Thus, they provide both maturity and freshness to the wines.

**Vine Age** | 55-year old vines

**Vine Density** | 10,000 vines/hectare

**Varietal** | 100% Chardonnay

**Yields** | 50 hectoliters per hectare (3.6 tons per acre)

**Harvest** | By hand

**Harvest Dates** | September 6 to 13

**Vinification** | The berries are driven to the pressoir by gravity, and immediately pressed with the whole bunch in order to filtrate the best and most natural way possible. Once the pressurage is done, the juices are cooled down to 46.4° F (8°C) for 2 days on average in order to make the particles fall in the tank. The cold débouillage enables to preserve the best quality and primary aromas. Malolatic fermentations are happening naturally. Bâtonnages are scarce, while barrels and tanks are used depending on the profile of the vintage.

**Aging** | 16 months on “lie fine”, 55% stainless-steel tanks and 45% oak aged. French oak from the Tronçais forests. Medium heated.

**Alcohol** | 13.0%

**Production** | 3,500 bottles

**Cellaring Potential** | 2019-2029

**Tasting Notes** | Vibrant straw, green-gold hints. Aromas of true complexity: citrus and orchard fruit, lemon, greengage, pear, peach and honey all mineral wrapped with a subtle oak. Linear yet rich. Classic and elegant.
