

HYDE DE VILLAINÉ

BIOGRAPHY

GUILLAUME BOUDET – WINEMAKER

Born and raised in Bordeaux and Toulouse, France, Guillaume Boudet graduated with a master's degree in Agricultural Engineering, then pursued a degree in winemaking and viticulture from the University of Bordeaux, while working for ultra-premium wineries in the Sonoma Coast and the Bordeaux region. His passion for wine was first initiated at a young age by his grandfather, who worked as a cooper with many of the first growth chateau's of Bordeaux.

Guillaume joined Hyde de Villaine in the summer of 2013 as a harvest intern. In early 2015, he was promoted to Associate Winemaker under the supervision of Head Winemaker, Stéphane Vivier. Today, he is the Head Winemaker at Hyde de Villaine. He works closely with Larry Hyde in the vineyard and Aubert de Villaine on matters involving winemaking.

Guillaume strongly believes in terroir driven winemaking, which emphasize the many qualities of Hyde Vineyard, with minimal manipulation in the cellar. This philosophy of winemaking has served him well, as he is recognized as one of the top young French winemakers in Napa Valley.
