## 2022 CHÂTEAU PEYRASSOL ROSÉ AOP CÔTES DE PROVENCE

### ABOUT THE WINERY

Commanderie de Peyrassol is located in the foothills of the Massif des Maures mountain range, 10 miles from the Mediterranean Sea, between Cannes and Marseille. Existing as a winery for almost 800 years, Commanderie de Peyrassol has thrived as a sanctuary for gathering travelers, all the while holding true to its values of hospitality and conviviality. The estate consists of 1,000 hectares with 95 hectares planted to vineyards cultivated on dry, rocky clay and limestone soils. With effort from the current owner, Philippe Austruy, to revitalize estates centuries old reputation, Peyrassol is now, more than ever, synonymous with great wines and celebrated generosity across the world.

### ABOUT THE WINE

Certified Organic beginning with the 2022 vintage, Château Peyrassol is made from selected parcels of mainly old vines. Very representative of the estate's style in its commitment to excellence, they are characterized by their complexity and balance. In the vineyard, everything is done to obtain the best from the oldest plots in the heart of a vast preserved and wooded area. Delicate pneumatic pressing, careful separation of the juices. Traditional vinification in temperature-controlled stainless steel vats precede the blending of these carefully selected parcels. At the end of fermentation, a light racking is done allowing only the best of the lees to be kept, which are then carefully worked to develop the wines long-tasting aromatic potential. The final wine is a very pale pink color with an elegant, yet complex nose. The palate is straightforward and clean: fine, silky, tender, delicate and lively at the same time. The freshness of the finish supports a measured volume and a touch of saltiness harmonizes the whole.

### KEY SELLING POINTS

- First vintage Certified 100% Organic
- 100% Estate grown
- A blend of the oldest selected plots of the estate with very low yields
- Each varietal is vinified separately, imparting complexity to the final blend
