

DOMAINE DE BEAURENARD

CHÂTEAUNEUF-DU-PAPE BLANC 2019

ABOUT THE WINERY

Domaine de Beurenard has been a family-run estate for eight generations. Today, brothers Daniel and Frédéric Coulon and Daniel's sons Victor and Antonin are dedicated to producing the most essential expressions of this historic region, long sought-after by discerning collectors and enthusiasts around the globe. The Coulon family own more than 80 acres of Châteauneuf-du-Pape vineyards that are 45 years old on average and cultivated organically (Ecocert certified) and biodynamically (*Demeter certified*).

ABOUT THE WINE

Châteauneuf-du-Pape is characterized by the diversity of its soils, with a mosaic of plots where different varieties grow together on limestone rock, round pebbles on a clay substrate with varying amounts of iron, and fine sedimentary sand. The grapes from the Domaine de Beurenard estate are hand-picked and sorted in the vineyard. Then, they undergo a long, gentle pressing, co-fermentation and maturing in stainless steel vats, small foudres and oak barrels for 6 months. The finished wine provides delicate floral notes, a fresh texture and crisp, juicy fruit with a saline finish.

KEY SELLING POINTS

- Certified fully organic and biodynamic since 2010 with profound respect for the land and the vines, picking all grapes by hand and sorting in the vineyards
- All 6 permitted white varieties are used, co-planted and co-fermented in respect of the tradition in Châteauneuf-du-Pape
- The family's vineyards are spread across the whole Châteauneuf-du-Pape appellation and planted on all 4 types of soils, bringing more complexity to the wine

TECHNICAL DETAILS

Varietal Composition: Clairette Blanche & Rosé, Grenache Blanc & Gris, Bourboulenc, Roussanne, Picpoul and Picardan

Aging: Matured in stainless steel vats, small foudres and oak barrels for 6 months

Alcohol: 13.5%

Wine Spectator

"Fresh, with quinine, lime, peach, honeysuckle and star fruit notes streaming through. Offers a bright, mouthwatering finish. Very fresh now but will broaden out a little with moderate cellaring."

—James Molesworth, November 2019
