ABOUT THE WINERY

The family operation began in 1971 when textiles entrepreneur Arnaldo Caprai purchased 12.5 acres in Montefalco. In 1988, ownership passed on to Arnaldo's son Marco, who began the project to cultivate the promotion of the grape that has been growing in the Montefalco region for more than 400 years: Sagrantino. Today, the winery is the leading producer of top quality Montefalco Sagrantino, a wine produced exclusively from this native variety. In addition to its commitment to quality, Arnaldo Caprai is recognized for its dedication to environmental, economic and social sustainability, as well as being champions for the wines of Umbria.

ABOUT THE WINE

The gold leaf label, created by the international artist Paolo Canevari, celebrates the 50th anniversary of the company. It is inspired by the painting (tempera on wood) of the "Mystical Marriage of Saint Catherine of Alexandria" by Benozzo Gozzoli, dated 1466 and preserved in the Franciscan Museum of Montefalco. The bottle has been specifically created to celebrate the 50 years of the famous Umbrian winery. Precious, extremely elegant, strongly evocative of the bond between the Arnaldo Caprai winery and its territory and of all the history, tradition and culture that Sagrantino can deliver in the glass.
