

FRENZY

2021 NEW ZEALAND SAUVIGNON BLANC

SUMMARY

FRENZY is produced from a carefully made blend of the best fruit from selected vineyards, which are all ideally suited to the Sauvignon Blanc varietal. Winemaking is completed at cool temperatures to ensure purity of fruit and the essence of the region's terroir are expressed in the most genuine style. New Zealand produces what many wine critics consider the world's best Sauvignon Blanc, so drink up the Frenzy.

VINEYARDS

50% Marlborough; 50% Gisborne. FRENZY captures the spirit of New Zealand. A harmonious blend of pristine quality Sauvignon Blanc sourced from both the North and South Islands. Parcels from select vineyards in Marlborough, located on the northeastern tip of the South Island, deliver energetic aromas of grapefruit, herbs and fresh cut lemongrass. Here, vineyards are conditioned by persistent ocean breezes. Soils rich in volcanic Greywacke stone and alluvial river silt lend complex minerality. The remainder of the blend is sourced from Gisborne, one of the warmest winegrowing regions of New Zealand. Located on the easternmost peninsula of New Zealand's North Island, vines are sheltered by coastal hillsides and mountain ranges. Soils of fine clay and silt loam retain moisture, lending high toned acidity and ripe tropical notes of passionfruit and melon.

2021 VINTAGE NOTES

All stages of fruit development came early and the growing season was irregularly dry. Spring frosts and unstable weather patterns significantly reduced yields. The good news: the fruit harvested showed great quality, providing perfect intensity and balance in the finished wines.

VINIFICATION

The grapes were gently pressed before fermentation in stainless steel tanks. Fermentation was conducted at low temperatures (12-14C) to retain the wines strong and appealing aromatics.

TASTING NOTES

Brilliant and light straw in color. This wine's upbeat acidity is balanced by sumptuous fruit flavors of pineapple, grapefruit, kiwi and passionfruit with an herbaceous lift reminiscent of fresh thyme and lemongrass.

ALCOHOL: 12.5%
