

2022 LE MERLE BLANC

THE STORY

Château Clarke is one of the rare Medoc estates to produce a white wine. Le Merle Blanc is part of the Château's heritage, because it has existed since the 19th century (1898). Much-appreciated and widely-known, this white wine once accounted for up to a quarter of the Château's entire production. Baron Edmond de Rothschild felt it was important to revive this tradition. Today, Le Merle Blanc fits in beautifully with the spirit of Château Clarke.

TASTING NOTES

The pale yellow color of the Le Merle Blanc is clear and bright with green glints. The nose presents a delicate first nose, with subtle aromas of white flowers, juicy pear and white pepper. As it opens up, additional mineral and menthol notes arise, adding to its already impressive complexity. On the palate, the wine is full-bodied and rich, but balanced by a refreshing vivacity. The wine is long, and fine woody notes reflect its perfectly mastered maturation.
